## **5.9 Proposed signed trail loops in Pelham**

Brian referred to a cycling map PATC created last year. He is hoping to get input about updates that may need to be made and public response for future printing. He is also hoping to identify three loops that can be signed for cycling routes of e.g. River Road connecting Centennial Park to Harold Black Park, East West Village loop to connect Fonthill, Ridgeville, North Pelham and Fenwick, and rural loop to feature a challenging route featuring hills. He also noted potential links to better connect Welland with Berkout Trail and Thorold with the spur and cycling facilities on Port Robinson Road in Thorold. He is also interested in looking at the addition of bicycle repair stations in Pelham based on experiences other municipalities have had.
