Reference No. G2S26214

**Notice of Traffic Interruption
Geotechnical & Environmental Investigation - Elm Ave, Burton Ave, Giles Cr., Linden
Ave. – Watermain Replacement Design
Pelham, Ontario**

Dear Resident,

Please be advised that a drilling work is scheduled to take place in Elm and Linden Avenues including on **Giles Crescent on Thursday August 13th**. Drilling equipment and support vehicles will be present intermittently, and short-duration road blockages or traffic delays may occur while the work is underway.

The work will be completed in two areas:

1. **Southern portion of Giles Crescent between Burton Ave and Elm Ave:** Temporary access restrictions may be required during drilling expected between **10 am to 12 pm**. No residents are expected to be directly affected by this work, and access to the driveways will remain available at all times. Residents of Elm Ave will use Elm Ave to access Pelham St. Residents of Burton Ave will use Burton Ave to access Pelham St.
2. **Between 7 and 10 Giles Crescent:** During drilling in this area expected between **12 pm to 1 pm**, local access will be maintained as follows:
 - Residents at **7, 8, and 12 Giles Crescent** should access their properties via **Burton Avenue**.
 - Residents at **10, 16, and 20 Giles Crescent** should access their properties via **Linden Avenue**.

Through traffic on Giles Crescent may be temporarily affected while equipment is positioned and drilling is performed. These disruptions will be limited to the shortest practical duration, and access will be restored promptly once it is safe to do so.

We apologize for any inconvenience this work may cause and appreciate your patience and cooperation. Our team will make every reasonable effort to minimize disruption, maintain safe access for residents.

Should you have any questions regarding this notice, or require special access arrangements, please contact:
