NOTICE TO RESIDENTS

Emmett Street Reconstruction Design – Utility Test Pits

As part of the ongoing design for the Emmett Street Reconstruction, the Town will excavate test pits to verify utility locations on the south side of Emmett Street. Centennial Construction will be the contractor completing this work using hydro excavation.

Where: South side of Emmett Street

Excavation dates: Between August 10 – August 14

Hours of Work : Between 7 am - 5 pm

Should you have any questions, please contact the Town's Project Manager:

Nicholas Palomba
